Education

Amity University, Gwalior

Bachelor of Science in Computer Science

2023 – 2027

Gwalior, MP

Relevant Coursework

- Data Structures
- Algorithms Analysis
- Artificial Intelligence
- Systems Programming
- Software Methodology
- Database Management
- Internet Technology
- Computer Architecture

Experience

Oxella Technologies Pvt. Ltd.

7 July 2025 – 18 Aug 2025

Full Stack Developer Intern

Jaipur, Rajasthan

- Built backend and frontend modules for a Real User Monitoring (RUM) platform using React.js, Node.js, Express.js, and MySQL.
- Implemented secure authentication with Google OAuth 2.0 and JWT-based authorization for protected user sessions.
- Developed RESTful APIs for login, team creation, invitation, and team listing with structured validation and error handling.
- Designed responsive React.js pages and integrated APIs using Axios; tested endpoints and workflows with Postman.

Projects

VulnEye (Web Vulnerability & SOC Platform) | *Python, Flask, SQLAlchemy, PostgreSQL, JS, OWASP*

- * Developed an enterprise-grade **web security platform** for automated perimeter assessment covering TLS/SSL, OWASP security headers, exposed ports, sensitive files, CORS, session cookies, and technology fingerprinting.
- * Engineered a **multi-vector vulnerability scanner** with multi-threaded TCP reconnaissance, SSL certificate analysis, security-header auditing, and SSRF-safe target validation.
- * Built a **real-time SSE audit terminal and SOC dashboard** with risk analytics, scan history, asset monitoring, interactive visualizations, and security posture comparison.
- * Implemented an **AI-powered bilingual threat analyzer** generating vulnerability impact analysis and remediation guidance with Nginx and Linux UFW configurations.
- * Developed **REST APIs and SIEM integrations** with Bearer-token authentication, Discord/Slack webhooks, dynamic security badges, and automated PDF/JSON reporting for CI/CD workflows.
- * Integrated **Google OAuth 2.0, SQLAlchemy persistence, CVSS v3.1 utilities, continuous target watchlists**, and cloud deployment using Vercel and Render.

AeroSky (Advanced Weather Dashboard) | *JavaScript, HTML5, CSS3, PWA, REST APIs*

- * Developed a responsive **Progressive Web App (PWA)** delivering real-time weather metrics, AQI insights, hourly forecasts, and detailed 7-day forecasts.
- * Integrated **Open-Meteo and OpenStreetMap APIs** with smart location search, geolocation-based weather retrieval, and reverse geocoding.
- * Built interactive **SVG visualizations** including an hourly temperature sparkline and animated sun-position tracker with dynamic weather-based themes.
- * Implemented **offline support using Service Workers and caching**, along with favorite cities and instant Celsius/Fahrenheit unit switching.

Technical Skills

Languages: Python, Java, C,C++, HTML/CSS, JavaScript, SQL

Developer Tools: Eclipse, Visual Studio Code, IntelliJ IDEA, Live SQL, Android Studio

Technologies/Frameworks: React.js, Node.js, Express.js, MySQL, REST APIs, JWT, Google OAuth 2.0, Nmap

Design And Marketing:: Canva, Social Media Content, Visual Communication, Branding, Event Promotion, Content Creation

Leadership / Extracurricular

Class Representative <i>B.Tech in Computer Science and Engineering</i>	2023 – Present <i>Amity University Madhya Pradesh, Gwalior</i>
Member, Design and Marketing Team <i>Amity Coding Club (ACC)</i>	2024 – May 2025 <i>Amity University Madhya Pradesh, Gwalior</i>
Coordinator, Design and Marketing Team <i>Amity Coding Club (ACC)</i>	May 2025 – March 2026 <i>Amity University Madhya Pradesh, Gwalior</i>
Lead, Design and Marketing Team <i>Amity Coding Club (ACC)</i>	March 2026 – Present <i>Amity University Madhya Pradesh, Gwalior</i>

Achievements

Secured 2nd Position in MP Police Cyber Security Hackathon	February 2025
